

# Is the Dietitian Covered by Insurance?

We highly recommend contacting your insurance company to learn more about coverage for medical nutrition therapy (the dietitian). We do not check benefits for you. At this time, all services are virtual.

If for any reason you do not have coverage for nutrition, there are options.

- Services are flexible spending eligible. Documentation will be provided when requested.
- Under certain circumstances, a self-pay discount may be applied.

## How To Check Benefits & Schedule Your Appointment

1. Call the phone # for customer service/benefits on your insurance card. The call should last 5 minutes or less.
2. Complete the table below with the customer service rep.
